Bianco Beyaz

The image shows a close-up of a light-colored travertine stone surface. The pattern is characterized by irregular, wavy, and somewhat circular veins of varying shades of beige, cream, and light brown, set against a lighter, off-white background. The texture appears natural and organic, with some areas showing more pronounced veining than others.

stn-i22
Light Travertine

The image features a background of marbled paper with a complex, organic pattern of swirling, wavy lines in shades of cream, beige, and light brown. The pattern resembles natural stone or aged parchment. In the center of the image, the text "stn-i23" is printed in a bold, black, serif font.

Scato Beyaz

The image shows a close-up of a dark brown, almost black, travertine stone surface. The stone is characterized by a dense network of fine, white, irregular veins that crisscross the entire surface. The veins vary in thickness and orientation, creating a complex, organic pattern. The overall appearance is that of a natural, textured material.
